April 19th, 2024

Drake Homes
1765 Beech Tree RdCharleston, IL 61920

To whom it may concern:

I am excited to apply for the opening at Drake Homes. As a Construction Management major I feel like this position would benefit both of us, not just me. The company would be getting a hard-working, dedicated, and semi-experienced worker. At the same time, I would be getting much-needed experience in the field. I fit this role because I have been in and around the field for 2 and a half years.

During my time in construction, I have always been one to stay on task and do what is asked of me and more. I am willing to give extra time and work to make my peers around me lives easier. I am a hard worker who loves to work with his hands, and am not afraid to get dirty. I will always go the extra mile to make sure the work is done right and on time.

I am particularly interested in getting to work in such a good organization and getting to know how it runs. This will help me in the future when I am an aspiring construction project manager. I am always excited to get to learn under people who have a lot of experience and have been doing this for a long time.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

TJ Owens

Construction Management Major
