Drake Homes

I am writing this cover letter for consideration of the Interior Designer position in Charleston, Illinois.

An interior designer position will offer a variety of responsibilities and challenges where my abilities and skills can be fully utilized. I possess strong interpersonal communication skills and a desire to serve each and every job assignment with the utmost service. I want to see where this opportunity will take me; if given the opportunity I will be devoted and eager to learn new skills as well as take on new challenges to grow in my career. Finally, from my experience working independently and in a team I have the ability to self-motivate as well as motivate others in order to drive the overall vision and performance of the company.

Thank you for your time and consideration. Please contact me at (618-899-7639) or (pbyoung.0894@gmail.com) to set up an interview at your convenience.

Sincerely,

Payton B. Young
